I am a third-year B.Tech Computer Science student with a strong passion for technology and problem-solving. Enthusiastic about working on real-world projects.

EDUCATION

Banasthali Vidyapeeth University, Rajasthan

2023-2027

Pursuing B.Tech in Computer Science

- CGPA: 8.31 (upto 4th Semester)

SKILLS

Programming Languages: C, CPP, JAVA. (Proficient in C and C++ with a focus on writing efficient solutions; intermediate-level experience in Java development).

Technical Skills: DSA, OOPS, DBMS, SQL, HTML, CSS, Java Script, Software Engineering, MS Word, MS PPT, MS Excel, Canva, Latex, Website development.

Soft Skills: Communication, Leadership, Time Management, Emotional Intelligence, Public speaking, Adaptability, Decision-Making, Creative and Innovative.

PROJECTS

SUDOKU GAME USING CPP

- Developed a Sudoku game with a C++ backend for puzzle generation and validation, integrated with a web-based frontend using HTML & CSS for an interactive UI.
- Implemented backtracking algorithm for puzzle solving and logic verification.
- **Tech Stack:** C++, HTML, CSS.

Personal Portfolio Website

- Designed and developed a responsive portfolio website to showcase projects, skills, and resume using HTML, CSS, and basic JavaScript for interactivity.
- Added interactive elements such as smooth scrolling, navigation menus, and simple animations using JavaScript (with additional guidance and learning support).
- **Tech Stack:** HTML, CSS, JavaScript.

TIC TAC TOE GAME

- Built a fun Tic Tac Toe game using HTML, CSS, and JavaScript with a simple, interactive design.
- Coded the game logic to track player turns, declare winners, and handle draws automatically.
- Made it engaging and responsive, ensuring smooth play across different devices.
- **Tech Stack:** HTML, CSS, JavaScript.

Chat Bot AI

- Designed an interactive chatbot interface using HTML and CSS for a clean and user-friendly experience.
- Implemented chatbot logic in JavaScript to handle user inputs and provide dynamic responses.
- Enhanced usability and engagement by integrating responsive design and smooth conversational flow.
- **Tech Stack:** HTML, CSS, JavaScript.

CERTIFICATION AND ACHIEVEMENTS

- Mastering Data Structures and Algorithms in C++ - Abdul Bari (Udemy).
- Certified in "Introduction to Generative AI" powered by Google Cloud.
- Awarded a Course Completion Certificate for "Data Analyst 101" powered by Microsoft.
- Nestlé E-learning 2025: Resilience - Successfully completed an online learning program focused on building resilience skills.
- Participated in the internal Smart India Hackathon 2025 and ranked in top 15 teams.
- Course Completion certificate for "Introduction to prompt engineering with github copilot."
- Successfully participated in the Digital India Quiz And Achievements.
